COVID-19 Medical Questionnaire

Things to Keep in Mind While Filling Out the COVID-19 Medical Questionnaire

- -The medical questionnaire must be filled out by the person attending the performance on the day of the event and should be completed and printed out before arriving at the venue.
- The information placed in the medical questionnaire will only be used if a COVID-19 case occurs during the period in question. Questionnaires are destroyed one month after the end of the performance.
- -The organizers and managers of the performance are in no way responsible for any issues arising from false statements by ticket holders about whether they have been infected by COVID-19 or not.
- -All ticketholders must wear KF94 masks and may be denied entry if they fail to wear one.
